Inspired Collage™ God Attachment Workshop:

Throughout life's journey, being able to find refuge and security with God is a key to peace and wholeness. During this workshop you will learn about the 4 Attachment Styles we learn in childhood (*Secure, Avoidant, Ambivalent & Disorganized*) and how this affects your current attachment relationship with God. In order to more securely attach to our Father who loves us, we will be meditating upon the names of God as a vehicle to draw us nearer to Him.

In ancient times a name carried significant weight. By using the creative mode of collage you will create scripture meditation cards and experience the power of God's names. This collage workshop will help you to attach to a secure relationship with the living God.

The Inspired Collage™ Process:

Inspired Collage™ is a simple practice inspired by scripture, love of art, forms of beauty and Christian psychotherapy. Collage is an intuitive imaginative process and can become a visual journal of your life, assisting you in making deep connections. Each collaged card is made from chosen scripture, magazine or other found images, your own personal photos (optional), and any other piece of found art (optional).
